A Message from the Chief of Police

Dear Reader,

Originally known as the *Campus Security Act*, the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* requires colleges and universities within the United States to release information pertaining to crime on and around their campuses. Enforced by the United States Department of

Education, the law is dependent on an institution's participation in federal student financial aid programs, and it involves most institutions of higher education, both public and private.

This law was amended in 1992, adding a requirement that schools afford victims of campus sexual assaults certain basic rights. It was amended again in 1998 to expand the reporting requirements, and was then also named the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in 1986. The *Clery Act* requires institutions of higher education to provide timely warnings of crimes that may represent a threat to the safety of students and employees. Campus security policies must also be made public according to the *Clery Act*. In addition, the law requires that annual crime data is collected, reported, and disseminated to the campus community and also to the United States Department of Education.

The purpose behind the *Clery Act* is to provide accurate, complete, and timely information on campus security and safety to students and their families so they may make informed decisions.

In accordance with the *Clery Act*, the University of Wisconsin-Eau Claire has prepared this report, "Annual Safety Report & Fire Safety Report," which contains the information previously mentioned. Furthermore, this report can also be used as a guide for campus security safety services, crime

prevention strategies, as well as fire safety information and fires reported for campus properties. Any inquiries about this report may be directed to Lieutenant Jay Dobson at (715) 836- 2222 or DOBSONJS@uwec.edu.

ABOUT THE UNIVERSITY OF WISCONSIN-EAU CLAIRE POLICE DEPARTMENT

The University of Wisconsin-Eau Claire Police Department is a full-service, 24-hour law enforcement agency located on the University of Wisconsin-Eau Claire main campus. We are committed to providing

quality law enforcement services to students, faculty, staff, and visitors. It is through our partnership with members of the on- and off-campus communities that we join together with federal, state, county, and local law enforcement agencies to help maintain a safe living and learning environment.

We are a state-certified police agency commissioned with providing law enforcement services for the University of Wisconsin-Eau Claire at all times. Police authority is granted to the officers by Wisconsin state statutes and the University of Wisconsin Board of Regents. We actively patrol with marked police vehicles, supported by bicycle and foot patrol officers whenever possible, providing twenty-four hour services to the campus community. In addition, we supplement our work force by hiring students during the school year for clerical assistance and student patrol duties. The University of Wisconsin-Eau Claire Police Department is also represented on committees that address crisis response, sexual assault, domestic and dating violence, alcohol and other drug abuse, threat assessment, and traffic, bicycle, and pedestrian safety.

All officers have obtained law enforcement-related degrees and completed police recruit training as required by the State of Wisconsin before becoming employed with our agency.

Annual Campus Security Report

Clery Reporting

The University of Wisconsin-Eau Claire Police Department has the role of gathering information for, preparation of, and submission of the institution's Annual Campus Security Report. The annual campus security report is reviewed and updated annually as one cohesive document per the requirements of federal law. It shall be the duty of the Lieutenant, or their designee, to gather the required information and submit the institution's Annual Campus Security Report to the designated entity by the United States Department of Education prior to set deadlines. An additional purpose of the Clery report is to serve as a mechanism for the department to meet its role of informing the community, media, and other public members of crimes reported to the department, crime prevention tips, victim/witness services, reporting procedures, mass notification procedures, homeland security/terrorism information, identity theft awareness, important contact information, and additional information from the department.

Daily Crime Log

The University of Wisconsin-Eau Claire Police Department maintains a written, easily understood Daily Crime Log (Public Crime Log) that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, on public property, or within the established jurisdiction of the campus and was reported to the department where an official police report was taken. This log includes: the nature, date, time, and general location of each crime, and the disposition of the complaint, if known. This log will not include reports made to other agencies. It shall be the duty of Record's or Communications personnel to prepare this report in a timely manner so the community and media have access to the information.

The University of Wisconsin-Eau Claire also works with the local Fire Department to maintain a written, and easily understood, fire log that records any fire that occurs in an on-campus student housing facility. At a minimum, the log records the date the fire was reported, the nature/date/time of the fire, and the general location of the fire.

Timely Warnings

The department shall provide timely warnings about reported crimes to the campus community (faculty, staff, and students) in a manner that will aid in the prevention of similar crimes if it is determined that a serious or continuing threat exists. Departmental supervisors shall review all reports taken by the department and/or information provided to the department by local police authorities in a timely manner to determine any offenses that are subject to disclosure in the Annual Campus Security Report and represent a serious or continuing threat to faculty, staff, and students of the campus community. If it is determined that there is a serious or continuing threat, the police department will send out a media release, mass e-mail, and/or do a web posting of the incident to help prevent similar crimes from happening.

Mass Notifications

Upon occurrence of an emergency, the University of Wisconsin-Eau Claire police department will notify the campus community upon confirmation of the emergency, unless such notice would compromise efforts to contain the emergency. Notifications may occur through use of the university's mass notification service, the local media, or through other communication channels as appropriate for the emergency. The university's mass notification service also allows for notification through multiple means including cell phone, email addresses, text messaging, and university web-page notification.

Mass Notification Annual Test

As part of the University of Wisconsin-Eau Claire's ongoing emergency preparedness program, the university conducts a test of the university's emergency notification system annually. This is an announced test in which a test text message is sent to each person who signed up for the mass notification emergency alert system as well as an e-mail to all University of Wisconsin-Eau Claire Outlook Exchange users. A test message also appears on the university's webpage at this time. If you require further information regarding the testing of the emergency notification system, please contact Lieutenant Jay Dobson at (715) 836-2222. More information about the University of Wisconsin-Eau Claire emergency notification system, as well as registration instructions, can be found at <http://www.uwec.edu/emergency/>.

Notification of Missing Students

As stated on the University of Wisconsin-Eau Claire's Housing and Residence Life webpage, according to the Higher Education Opportunity Act, all institutions with on-campus student housing must have a missing student notification policy for students who reside in on-campus housing. Upon enrollment and attending the University of Wisconsin-Eau Claire, all students have the opportunity to designate an emergency contact through the university. For students under the legal age of 18, Housing and Residence Life is required to notify law enforcement and a parent or guardian if that student is deemed missing for more than 24 hours. The university is also required to notify law enforcement and an emergency contact after determining any student (residing on or off campus) is missing for more than 24 hours. In the case of a missing student, a news release is made to seek public information regarding

the whereabouts of the missing student, as well as an informational email to the students, staff, and faculty of the university.

Information regarding the missing student notification policy can be found at

<http://www.uwec.edu/Housing/residencehalls/Missing-Students-Policy.htm>.

Crime Reporting

The University of Wisconsin-Eau Claire Police is the primary agency for reporting and investigating all crimes that occur on University of Wisconsin-Eau Claire property. Any instances of criminal or suspicious acts and emergencies occurring on the campus of the university, including residence halls, should be reported to the University of Wisconsin-Eau Claire Police regardless of how seemingly insignificant the crime.

The University of Wisconsin-Eau Claire Police can be contacted by telephone, emergency phones, and in person. The non-emergency phone number for the University of Wisconsin-Eau Claire Police is 715-836-2222. If it is an emergency, dial 911. If dialing 911, the initial phone call will go to the Eau Claire County Communications Center to determine if medical assistance is needed. The Communications Center has direct dispatching access to medical and fire personnel. This speeds up the process of dispatching necessary assistance. If the 911 call is related to a University of Wisconsin-Eau Claire crime, the call and all information will be transferred immediately to the University of Wisconsin- Eau Claire Police.

Emergency phones, identifiable by their blue colored poles with “Emergency” in white lettering, are located across campus, placed in strategic areas of campus including parking lots, exteriors of buildings, along sidewalks, and near athletic fields. These Emergency Phones are directly linked to the Eau Claire County 911 Communications Center giving callers access to emergency resources. University

Police officers will then be dispatched to the area to assist the caller. In addition, if you see a University of Wisconsin-Eau Claire Police officer in a vehicle, on foot or on a bicycle, get their attention and they will assist you.

Officers will respond as quickly as possible to any request for assistance, whether it is an emergency or not. Response time is based on current activity load and the urgency of the call. Crimes in progress, traffic accidents and medical emergencies have a higher priority than other types of calls. A police officer will meet with you to gather information and prepare an official report. That report may then be forwarded to a detective that will review the report and evidence (if any) to attempt to determine the cause and perpetrator(s) of the crime.

In all instances of criminal activity, the University of Wisconsin-Eau Claire Police works to determine the exact nature and perpetrator(s) of the crime for the purposes of developing a viable case to be forwarded to the City of Eau Claire District Attorney's office for prosecution. In some cases, offense reports will also be forwarded to the Dean of Students Office for adjudication through the campus disciplinary process. Statistics for cases forwarded to the Dean of Students Office that are offenses pursuant to The Clery Act will appear in this report.

The University of Wisconsin-Eau Claire Police maintain a close working relationship with local, state, and federal law enforcement agencies to include the City of Eau Claire Police Department, Eau Claire County Sheriff's Department, Wisconsin State Highway Patrol, and the Federal Bureau of Investigation. The University of Wisconsin-Eau Claire Police also has signed memorandums of understandings with the City of Eau Claire Police Department and the Eau Claire County Sheriff's Department.

The University of Wisconsin-Eau Claire Police Department also shares information with other police agencies nationwide through memberships in a wide network of organizations. This information sharing is used for criminal prosecutions and crime prevention techniques.

Voluntary Confidential Reporting System

The University of Wisconsin-Eau Claire does have a voluntary confidential reporting system. The Anonymous Tipster Line allows university students, staff, faculty, and the public to report crimes seen and/or heard to the university Police. This Anonymous Tipster Line is available at 715-855-5555.

When reporting crimes it's important to give thorough details of what occurred, when, and where the crime took place. Timely reporting of crimes may affect the safety of others. When you make your report, you assist university Police in maintaining accurate records of the incidence of crime on campus.

Reporting Procedures

When you call the police to report a crime, the dispatcher will ask you, "Is this an emergency?" For your safety, be prepared to answer all the questions the dispatcher asks you, and be specific. Don't downplay the importance of your call. Here are points to immediately consider when reporting a crime:

- Is anyone's life or safety threatened?
- Does anyone need medical assistance or an ambulance?

- Is the suspect(s) still there? (If so, make sure the dispatcher knows this.)
- Does the suspect(s) have a weapon?

Crimes in progress, or those involving life-threatening circumstances, receive the highest priority response. If the crime is still in progress, do what you can to ensure your own safety first. If you are outside your home, get to a public area- an open store, a restaurant or other public area. If at a home, residence hall, or apartment, go to a safe area of the house, or go outside.

Information to Tell Police When Reporting a Crime

Remember: Do not hang up the phone until the dispatcher tells you to do so. You may be put on hold while the dispatcher contacts emergency responders.

Where: Where are you now?

Where did the Crime Happen?

If the suspect(s) are gone, where did they go? In what direction?

Did they use a car or some other transportation? Did you get the license plate number?

What: What exactly happened or is happening? Describe the situation in complete detail.

What are the suspect(s) physical characteristics (sex, height, weight, hair color, race, etc.)?

When: When did the crime happen? Is it still in progress? (This is very important, as it may determine the level of response.)

Who: Who are you? What phone number are you calling from?

Crime Prevention

The University of Wisconsin-Eau Claire Police Department is actively working to educate the members of the university community about safety and crime prevention through many resources available through the Dean of Students Office's and University's website as well as delivering presentations to groups regarding safety knowledge and tips. Knowing how to protect yourself and being aware of your environment are the best ways to prevent from becoming a victim.

Hate Crimes

Hate Crimes Caveat: Prior to the 2010 data collection, “Simple Assault” statistics were reported as “Any Other Crime Involving Bodily Injury.” Larceny-Theft, Intimidation, and Destruction/Damage/Vandalism of Property statistics were not collected prior to the 2010 data collection. As of the 2010 data collection, negligent manslaughter is no longer a category because it cannot be a hate crime. The following hate crime statistics reflect the current data collection categories and follow the most recent data collection procedural requirements.

Arrest Statistic Caveat: Regarding the 2013 drug and liquor violation statistics, Underage Drinking and Possession of THC are civil offenses in the State of Wisconsin, not criminal offenses, and therefore tickets issued are not classified as “arrests,” per Clery Act regulations. Sex Offenses on Campus

Any sexual contact committed without consent or using force or threats is deemed sexual assault.

As per law, intoxication does not enable a person to give consent, and silence is also not consent.

The University of Wisconsin-Eau Claire will aggressively prosecute perpetrators who engage in sex offenses by using established university procedures as well as law enforcement agencies. If you, or a friend, have been sexually assaulted, please report it. If a sexual assault is reported to, or witnessed by, a university employee, they are **required by law** to report such action. Students who engage in

conduct that constitutes a danger to the personal safety of others stand to be disciplined through sanctioned disciplinary actions like probation, suspension, or expulsion. It's important that victims know that they do not have to provide their name in order to report a crime.

There are various avenues through which victims can report a sexual assault and/or crime against them both anonymously and with names included. The University of Wisconsin-Eau Claire Police Department is an incredibly important resource to use when reporting a crime. If the victim chooses not to press charges, the evidence in a report can ensure that charges may be pressed at a later date.

Sexual assault is considered a form of sexual harassment and a violation of Title IX. These Title IX violations can be reported to the Affirmative Action Office at:

To assist in preventing future sexual assaults and sexual violence, the Federal Bureau of Investigation (FBI) has provided a website where the public can access the latest information from the national, state, and tribal registries of sex offenders. This information can be found at <http://www.fbi.gov/scams-safety/registry> and is updated frequently by the FBI's Criminal Justice Information Services Division.

Federal law mandates that every U.S. state create a specific program to register sex offenders. In Wisconsin, the Wisconsin Department of Corrections offers information about Wisconsin's Sex Offender Registry; the Registry is maintained by the state's Sex Offender Registration Program. The Wisconsin Sex Offender Registry disseminates information on the current reported home addresses of adult sex offenders living in the community. Information about juveniles who are required to register is not available to the public. The Wisconsin Sex Offender Registry can be found at <http://offender.doc.state.wi.us/public>.

In addition to the state and federal sex offender registry websites, Family Watchdog is a free website that community members may visit to locate registered sex offenders in the area. Community members may search by state, by a specific street location, by name, or by school/daycare location. As an added feature, community members may sign up to receive notifications about sex offenders that move in or out of the area. This information can be accessed at <http://www.familywatchdog.us>.

University Alcohol and Drug Policy

The University of Wisconsin System, and University of Wisconsin-Eau Claire, prohibit the unlawful possession, use, distribution, manufacture or dispensing of illicit drugs and alcohol by students and employees on university property or as part of university activities.

The use or possession of alcoholic beverages is prohibited on University premises, except in faculty and staff housing, and as expressly permitted by the chief administrative officer or under institutional regulations. Without exception, alcohol consumption is governed by Wisconsin statutory age restrictions. The unlawful use or possession of illicit drugs is prohibited on University lands; also prohibited is the selling and delivering of a controlled substance or possession of a controlled substance with the intent to sell or deliver.

Violation of these provisions by a student may lead to a disciplinary sanction, up to and including suspension or expulsion. University employees are also subject to disciplinary action in violation of these policies, and employment may be terminated.

While the university recognizes college students exercise personal discretion when in regards to alcohol and drug use, the University of Wisconsin-Eau Claire is committed to providing education about the effects of alcohol and other drugs in a variety of settings and formats. The commitment of the university is carried out in an environment which is educational and supportive in nature and designed to bring about positive changes in behavior and attitude. In addition, the university also assists individuals who have developed patterns of abuse to find more constructive and healthy lives.

The following university website addresses alcohol and drug policies, as well as indicates federal action against violation of policies and also provides Eau Claire area resources for those who wish to seek help with their use of controlled substances: <http://www.uwec.edu/DOS/policies/yrtk/alcohol.htm>. Also, the Center for Alcohol Studies and Education on campus has a variety of great information and resources available to university students and staff: <http://www.uwec.edu/case/>.

In addition to policies prohibiting illicit and controlled substances, the University of Wisconsin-Eau Claire also has policies in place regarding the smoking of cigarettes on campus. A new policy was enacted May 1, 2012 prohibiting smoking on campus except in designated areas and on city-owned streets that run through campus. More information regarding the smoking ban on campus, as well as a map detailing the designated appropriate smoking areas can be found at:

In addition, the University Police Department also provides information on steps to take when you've become a victim of identity theft. You can find all information regarding identity theft on the University of Wisconsin-Eau Claire Police Department's website at <http://www.uwec.edu/Police/resources/idtheft.html>.

Maintenance and Security of Campus Facilities

For the security of campus patrons, the campus is inspected on a regular basis to ensure lighting and other such security measures are up to date. The campus emergency telephones are strategically placed on campus to assist in campus security measures. Maps detailing walkways, buildings, and emergency telephones can be found at <http://www.uwec.edu/Servicecenter/campusInfo/mapsDirections.htm>.

General Campus Building/Facility Security: Most buildings and facilities on the University of Wisconsin-Eau Claire campus are open to students, community members, and visitors during normal business hours, Monday through Friday, and for limited designated hours Saturday and Sunday. Building times of access vary depending on scheduled activities and the nature of the building. With the exception

of those personnel with keys or other appropriate forms of entry, access to campus buildings is generally restricted to university-affiliated personnel during recognized holidays. Faculty and staff members may be granted building keys upon the recommendation of a department chairman or administrative head, in accordance with established procedures.

Resident Hall Security: To ensure the safety of students and staff, the Office of Housing and Residence Life has instituted a Security Services program in each of the residence halls. Every hall, with the exception of Chancellors Hall, will provide a security sticker to be placed on student's campus Blugold Card. This security sticker identifies in which residence hall the student lives, and what semester the sticker was issued.

A card swipe system was installed in all residence halls to increase security. In order to gain access to a residence hall building, all students need to swipe their Blugold Card for entry. The residence hall building access is as follows:

Between 9:00AM and 10:00PM- All residence hall students will have access through the card swipe to enter all residence halls.

Between 10:00PM and 9:00AM- Only residents of their specified building may swipe to gain entry into the building.

Between midnight and 3:00AM (these hours may vary from hall to hall)- The residence hall will have security stations set up to check IDs and register any guests let into the building.

Guests of the residence halls include students from other residence halls, off-campus students, family or friends. In order to be checked into a hall, a guest needs to be with their host resident and must present a picture ID. Pertinent information will be recorded, and access to the resident hall will be granted. If a guest does not have a picture ID, no access will be given. As a host, the student resident of

the hall is responsible for any guests that visit. Each residence hall also employs a front desk worker that monitors the front entrance of each building.

University of Wisconsin- Eau Claire Fire Safety Report

2014

Resident Hall Fire Safety, Fire Safety Equipment, and Fire Drills

In an effort to prevent fire hazards, furniture arrangement within the residence halls must comply with fire codes. Decorations, such as electric lights must be kept away from bulletin boards and other flammable materials such as paper, crepe paper, and posters due to the danger of fire. In addition, items with exposed flames or heating elements are prohibited due to the increased fire danger associated with such items. Included with these prohibited items are, space heaters, toasters, desk-top grills, and candle warmers. Candles, incense, oil lamps, halogen lamps, and other such items are also prohibited within the residence halls.

Fire-fighting equipment is located throughout each residence hall and campus building for the protection of the campus community. Tampering with fire hoses, fire extinguishers or fire equipment will be just cause for dismissal from the university.

Those placing false alarms, interfering with the proper functioning of the fire alarm system or interfering with the lawful efforts of fire fighters are subject to prosecution under Wisconsin Statutes, Chapter 941. Penalties specified are fines up to \$500, imprisonment up to one year, or both.

The University of Wisconsin-Eau Claire executes regular fire drills to test current fire monitoring systems as well as procedures that ensure the safety of those on campus. University personnel monitor fire drills to determine approximate building evacuation time.
